## **APGFCU Branch Opening Soon**

Construction on Aberdeen Proving Ground Federal Credit Union's (APGFCU) ninth branch is nearly complete. The project, located in Forest Hill, Maryland, is anticipated to open in November.

MacKenzie Contracting Company, LLC, began construction on the 4,000 square foot building in June. When complete, the facility will include three drive-thru lanes including one ATM drive-thru, four teller stations, five offices with interior glass wall systems, a conference room, safe-deposit boxes, and enhanced finishes through out.

"We are delighted to bring the benefits and convenience of the credit union difference to this community", said Jim Hall, Assistant Vice President of Facilities for APGFCU. "MacKenzie Contracting Company has been a pleasure to work with. They have worked diligently to keep us on schedule and are very cognizant of our budget".

The credit union has branches in Harford and Cecil counties and chose this location for its convenience and growth potential. The new branch, on Rock Spring Road adjacent to Walgreens, is the first credit union in northwest Harford County and will serve the Forest Hill, Jarrettsville, Bel Air, Pylesville, and White Hall communities.

APGFCU, which has over 80,000 members, will employ up to 10 financial professionals at the new location.

###
